

Everyday, we have something different going on in our lives. It could be sports, homework, or hanging out with friends. Because of our busy modern American schedules, it can be hard for us to take the time each day to hear God's call in our lives.

In order for us to hear the soft whisper of God, we must try to set aside some time to pray each day. Even if it is just a little prayer here and there, these small prayers will help us to grow closer to God and to become more aware of the plan that God has for us.

The third commandment says that we must remember to keep holy the Sabbath day. This means that we must try to go to mass every Sunday so that we can receive the Body of Christ, which will bring us closer to God. When we do this, we welcome Jesus Christ, God's son, into ourselves. The Eucharist will help us to follow Jesus' mission for us in our hectic, everyday lives.

If we really open up our mind and soul to God, we will be able to understand what God has planned for us in our future. We have to remember that God's call for us might not come in the form of a big earthquake, an extremely strong wind, or a blazing fire. We must be ready to hear the quiet whisper of God in our loud and busy modern American lives.
