Change in Serra Dues

Our Club's dues have remained the same from 2015 to now even though the amounts we must submit to Serra International and the USA Council of Serra International have risen to more than our members have been assessed. Our Club has been paying the difference.

The most recent increase in dues assessed by Serra International and Serra USA has resulted in an increase to our members - \$95 for an individual member and \$143 for a couple. This will be reflected in dues bills in September.

Schedule for July 2023 - August 2023

July 2023	There is no scheduled membership meeting in July.
August 2023	There is no scheduled membership meeting in August.
